IN A SQUARE FIGHT!

Toledo Gives the Standard Oil Company Its First Defeat—The Elections Held Yesterday.

TOLEDO, O., April 2.—Two years ago the Standard Oil company was granted a franchise to pipe this city for natural gas. The city council was coerced into adopting the schedule of prices as fixed by the Standard people. Their rates were excessive, and the people became dissatisfied. Their complaints were of no avail, and the city appealed to the state legislature for an enabling act, authorizing the municipal government to issue bonds to the amount of $750,000 to construct a city pipe line. The Standard people fought the city in the legislature for a year, and succeeded in having a clause inserted in the bill requiring an affirmative vote of sixty per cent. in the city, to make the enabling act effective.

The Standard people made herculean efforts, financially and otherwise, to defeat the project, but at the election held yesterday, out of 11,000 votes cast, the pipe line measure received 7,008, being more than the required sixty per cent. This is believed to be the first instance on record where the Standard has suffered defeat at the hands of a municipality in a square contest.

The entire city republican ticket, with the exception of police prosecutor, was elected by majorities ranging from 200 to 1,100. The aldermanic board will stand three democrats and six republicans. The council board will be a tie.

ANOTHER BLACK EYE.

TIFFIN, Ohio, April 2.—The Standard Oil company was given a black eye here yesterday. The proposition for the city to pipe its own gas for the use of private consumers carried by an overwhelming majority. The democrats are in the majority in the council.

GRAND RAPIDS, Mich., April 2.—In the election held here yesterday the republicans carried the city by a small plurality on the state ticket. They elected Charles W. Watkins mayor by about thirty plurality and most of the other city officers by small majorities. The city government has been democratic for several years past.

SHAMUS O'BRIEN.

The Huntington Murderer Arrested in Wisconsin.

ASHLAND, Wis., April 2.—Marshal Rosebrough, of Huntington, Ind., left today with Frank Williams, alias Shamus O'Brien. He was held here for safe-blowing, and he is wanted in Indiana on the charge of murdering Wm. Nucomb in Huntington, in February, 1885. Nucomb and O'Brien were breaking into the postoffice at the time of the murder.

They were caught at their work by City Marshal Baumgardner, whom O'Brien tried to shoot in the back of the head, but the marshal dodged and the ball struck Nucomb, killing him instantly.

O'Brien escaped and the first trace secured of him by the Indiana officers was a year ago from Minneapolis. He was located here and taken to Indiana to stand trial.

GERMANY'S EMPEROR.

With Count Bismarck, Will Visit the Queen in June.

LONDON, April 2.—It has now been definitely settled that the visit of the German emperor is to take place at the end of June when the queen is at Cowes. A flotilla of eight German iron clads will accompany him, and he will be welcomed by his grandmother officially, although it is improbable that he will come to London. Naval maneuvers on a large scale are likely to take place during his stay. Count Herbert Bismarck comes with him.

Arrested for Robbery.

DENVER, Col., April 2.—W. B. Stephens alias Spencer, was arrested here yesterday afternoon, charged with being the principal in the robbery at the First National bank, in which President Moffatt lost $21,000, but he proved not to be the man. Stephens was then locked up on a charge of forgery. W. H. Clarke, a gambler of St. Louis, is still held as an accomplice in the bank robbery.

River Land Settlers.

FORT DODGE, Ia., April 2.—The old excitement among river land settlers has been revived by the resumption of evictions. Early yesterday morning a large number of river land settlers, fully equipped with machinery and seeds, started to plant a crop on the farms from which settlers had been evicted last fall. Warrants have been issued for their arrest.

THE SENATE ADJOURNS.

A Few Unimportant Appointments Made—The Loss in the Samoan Disaster.

WASHINGTON, April 2.—The president sent to the senate to-day the following nominations:

Robert J. Fisher, of Chicago, Ill., to be assistant commissioner of patents, vice Robert B. Vance, resigned.

A number of army appointments were made, among which were George R. Durand and Francis M. Barber to be commanders.

The names of a number of the enlisted men, who were reported by Admiral Kimberly as lost in the Samoan disaster, can not be found on the muster rolls of the navy and the marine corps.

The names of S. C. Gehring, Charles Kraus and Henry Wixted, which came by cable, are not in the corps, and the nearest approach to them on the rolls are Henry C. Gehring, Samuel Kraus and James Wixted.

These last three were on the Vandalia. The marines who are supposed to have been lost, with the exception of those mentioned, were First Sergeant John Hanchill, Sergeant Frank A. Lessman, Corporal Michael Cashen, Privates Adolph Goldner, Frank Jones, George Jordan, Nicholas Kinsella, Aylmer Montgomerie, John Sims and Gilbert H. Wells.

Jacob H. Dimmick, postage stamp agent of the postoffice department, stationed at New York, was to-day removed by the postmaster general for neglect of official duties.

The senate, in recent session, has confirmed a number of nominations, among them being Clement Studabaker, of Indiana.

The reduction in the public debt during the month of March was $13,605,655.

It is thought that the senate will confirm all the pending nominations, make public the vote on Murat Halstead and adjourn sine die this evening.

In the senate to-day Mr. Stewart's resolution offered yesterday expressing the sorrow of the senate at the death of John Bright was discussed and referred to the committee on foreign relations.

Mr. Edmunds offered a resolution that in the absence of the vice president, Mr. Ingalls be chosen president of the senate pro tempore. The resolution was agreed to and Mr. Ingalls took the seat.

SENATE ADJOURNS.

At 3:40 p. m. the senate adjourned without day.

In the secret session of the senate, this morning, the debate on the nominations of delegates to the congress of American republics was concluded. All of them were finally confirmed.

Objection being made to the consideration of the Russian treaty, it was allowed to go over.

The motion to make public the vote on the Halstead nomination, offered yesterday, was withdrawn to-day.

An Unnatural Father.

VAN WERT, Ohio, April 2.—A shocking crime has just come to light in Hoagling township, through the arrest of Henry Lowther, on a charge of criminal intimacy with his own daughter. The girl, who is eighteen years old, came before a justice of the peace, last Saturday, carrying a four-months-old baby in her arms.

Their First Session.

MUSKOGEE, I. T., April 2.—The newly appointed officers for the federal court recently established at Muskogee, and the first session of the first United States court ever held in the Indian territory was opened with Judge James M. Shackelford, of Indiana, on the bench.

Arrested for Murder.

FORT SMITH, Ark., April 2.—John and Nathaniel Hallowell and Joe Fox were arrested yesterday, by Deputy Marshal Bond, for the murder of John Bramley, in the Cherokee nation, March 4. John Hallowell confessed in a moment of remorse, whereupon all were arrested.

Bound for Oklahoma.

ST. LOUIS, April 2.—A flood of applications for immigrant rates to Oklahoma is pouring into the St. Louis railroad offices. There is only room for 10,000 homesteads, and applications for over 30,000 persons have been received.

Murdered by His Squaw.

HANCOCK, Dak., April 2.—Old William Edwards, a squaw man, who had the mail contract from Washburn to Coal Harbor, was murdered Saturday, by his squaw wife.

Will Fight.

SAN FRANCISCO, April 2.—Articles were formally signed last night, by Peter Jackson and Patsy Cardiff for a glove contest in this city.

MURAT HALSTEAD.

Defeated in His Ambition to Be Minister to Germany, He Will Now Run for Governor of Ohio.

CINCINNATI, April 2.—An important deal to harmonize the republican factions in Ohio is now in progress. Sunday night Governor Foraker and Murat Halstead were closeted together for two hours. In an interview last evening Governor Foraker announced that Mr. Halstead will be a prominent candidate for governor of Ohio this fall.

Several dispatches were sent to Washington yesterday by Mr. Halstead and his friends urging Governor Foraker for the Berlin mission, but Foraker says that he will not accept it. It is proposed to vindicate Halstead, and the scheme probably contemplates the election of Foraker to Payne's seat in the United States senate.

THE NEW BRIDGE.

It Will Cost $10,000 Less Than the First Bids Indicated.

This afternoon the county commissioners opened bids for eight bridges and eleven sub structures. The important proposals were on the Maumee river bridge. The figures are as follows:

Smith Bridge Company, of Toledo, 300 foot span, $18,500; two spans, 156 feet each, $12,650.

King Bridge company, of Cleveland, 300 foot span, $24,372; two spans, 156 feet each, $18,232.

Mt. Vernon Bridge company, 300 foot span, $24,150; two spans, 156 feet each, $21,840.

Wrought Iron Bridge company, Canton, Ohio, bids $17,955 and $19,350 for 300 foot span; 156 foot span $12,611.04.

Lane Bridge company, Chicago, for 300 foot span, $22,500; for two spans 156 feet each $14,700.

Penn Bridge company, Beaver Falls, for 300 foot span $19,275; for two spans 156 feet each $15,490.

Champion Bridge company, for two spans 156 feet each, $22,950.

Columbus Bridge company, for 300 foot span, $27,900; for two spans 165 feet each, $15,950.

F. W. Brackett, Cincinnati, for 300-foot span, $20,499.55; for two spans, 156 feet each, $12,133.76.

Indiana Bridge Co., Muncie———; for two spans, 156 feet each, $13,500.

Variety Iron Co., for 300 foot span, $24,112.28; for two spans, 156 feet each, $16,473.80.

Milwaukee Bridge Co., for 300 foot span, $25,900; for two spans, 156 feet each, $17,520.

Columbia Bridge Co., Dayton, for 300 foot span, $24,800; for two spans, 156 feet each, $16,200.

This is the second time bids have been opened for the Maumee river bridge. The lowest of the former bids was $23,985 for the 300 foot span and $15,985 for the 156 foot spans.

The lowest bid to-day is $17,955 for the 300 foot span and $12,611.04 for the 156 foot spans, by the Canton Bridge company, a clean saving of nearly $10,000.

The next largest of the eight bridges is a 140 foot span over Big Cedar creek, at Van Ziles mill.

The other six are small bridges of fifty spans and less.

Fires.

DUBUQUE, Iowa, April 2.—The Dubuque mattress factory, of this city, was destroyed by fire last evening. The loss is estimated at from $15,000 to $20,000.

YOUNGSTOWN, Ohio, April 2.—The nut and bolt works of Arms, Bell & Co., employing two hundred men, were entirely destroyed by fire yesterday morning. Loss, $80,000; insured for $42,500.

A Land Slide.

PITTSBURG, Pa., April 2.—A tremendous slide of earth and rock occurred on Second avenue, near Tenth street, at 2 o'clock, this morning. The slip carried away a large part of Bluff street, at the top of the hill, rendering the street impassable, and damaging some of the property along that thoroughfare.

Killed by Electricity.

FOSTORIA, O., April 2.—Harry L. Pugh, superintendent of the electric light plant, was instantly killed at a late hour last night, by coming in contact with the current while repairing a dynamo.

Coming to the States.

STRATFORD, Ont., April 2.—The exodus from the counties of Perth, Oxford and Huron to the states and the northwest, is greater this year than any previous season in the history of these parts.

Mary Anderson.

PHILADELPHIA, April 2.—Mary Anderson, the actress, left this city yesterday afternoon for New York, and she will sail from that city to-morrow for Europe.

The Weather.

WASHINGTON, April 2.—Indiana—Warmer; fair, followed by rain; southerly winds.

A NEW COLLEGE.

Bishop Dwenger Incorporates One in Jasper County.

A new college is to be established by the Roman Catholic church in Jasper county, on 320 acres of land, valued at $10,000, denoted for the purpose by Bishop Dwenger. An endowment of $40,000 is provided for the needs of the institution, which will be under the patronage of the Society of the Precious Blood. Articles incorporating the institution under the laws of the state were filed with Secretary of State Griffith yesterday.

A SERIOUS ACCIDENT.

Mr. R. T. McDonald Severely Injured by a Falling Brick.

Just before noon to-day, Mr. R. T. McDonald, while walking between the walls of the electric light works, in course of construction, on Broadway, was seriously injured.

A loose brick fell from one of the walls, now a story and a half high, and struck Mr. McDonald squarely on the crown of the head, rendering him insensible.

He was conveyed home in a carriage and en route recovered himself, but is not able to say how the accident happened. He only remembers walking between the walls, and whether the brick fell off or was dropped by a work man is not known, for Mr. McDonald can not recall being hit at all.

Judge R. S. Taylor came from Mr. McDonald's bedside at 1 o'clock, and said: "He is resting easy, and is fully conscious, save that he can not recall the accident. His scalp is slightly cut, and bled somewhat, but the skull is uninjured. If no inflammation occurs he will be all right again in a day or so."

LOCAL LINES.

The funeral of George Gavin will take place Thursday afternoon from the residence, No. 8 Harmer, at 2 o'clock.

Mr. John Pressler, the galvanized iron dealer left to-day for Huntington, where he is figuring on several important jobs. He will be absent a couple of days.

Rev. F. G. Browne, formerly pastor of the Wayne Street M. E. church, but now of Mishawaka, Ind., was in the city to-day on his way to attend the North Indiana M. E. conference.

The case of Bittinger vs. Trentman, growing out of the affairs of the Miller estate, was called in the superior court this morning, but had to be postponed on account of the illness of Judge L. M. Ninde.

James Roy, the New Haven saloonkeeper, was arrested and arraigned before a Monroeville justice for selling liquor to a minor. He was acquitted, so his attorney, Mr. J. R. Bittinger, tells us.

The only child of Mr. and Mrs. Gottleib Heine, of 179 Hanna street, died yesterday, aged six weeks. The funeral occurs Thursday at 1:30 p. m. from the residence. Mr. Heine is a boilermaker at the Bass works.

John A. Duff, the great theatrical manager, whose death, at New York, Sunday last, was noted yesterday, is related by marriage in this city. Mrs. Duff is a sister of the Hon. Edward, Supt. P. S. and Mr. John O'Rourke, of this city.

Fancy, if you please, this glorious Western Continent pushed backward a couple of decades. No steam, no telegraph, no Atlantic cable, no big Brooklyn bridge, no telephone, and no Dr. Bull's Cough Syrup to cure coughs and colds.

E. A. K. HACKETT, Editor and Proprietor.

TUESDAY, APRIL 2, 1889.

GOVERNOR HOVEY has already pardoned three convicts.

CITY elections are in progress at Chicago and St. Louis to-day.

INDIANAPOLIS lawyers now differ on the constitutionality of the state loan act.

THE strike season opens briskly with President Harrison's assumption of power.

DURING Francis Murphy's evangelistic work at Indianapolis, last week, 1,200 blue ribbon pledges were signed.

THE rejection of Field Marshal Halstead, by the senate, is likely to provoke a serious split in the republican party.

THE postoffice aspirants at Ligonier, numbers unknown, have decided to pool their issues and test the popularity of their claims at a special election, April 20.

AN enormous crop of wheat is in prospect in Indiana this year. Strange to say, the croakers have not yet killed off a single field. The acreage is perhaps a full average.

The *Daily News* very properly locates the blame of Sabbath violation, at the door of the police force. If the officers are not permitted to enforce the Sunday laws let them speak out and locate the blame.

ALLEN W. THURMAN, son of the old Roman, it is officially announced, is a candidate for governor of Ohio, on the democratic ticket. Mr. Thurman was at Fort Wayne with his honored father last fall.

How does States Attorney Robinson feel about the Sunday saloon violations? There are a great many crimes the prosecutor can punish, but Sabbath violations are carefully avoided, although they come within his jurisdiction.

BILL NYE and James Whitcomb Riley have been sued for damages by Manager Maloney, of the Fort Dodge (Iowa) Opera house, for failing to appear Friday evening as advertised. Mr. Nye was not well enough to appear, and the manager would not accept Mr. Riley's unaided services. Mr. Nye cannot trifle with people who have puckered their lips in anticipation of his fun.

PRESIDENT S. F. PORTER, of the Indiana tariff reform league has appointed the following executive committee: Edgar A. Brown, James Smith and S. E. Morss, of Indianapolis, Samuel M. Foster, of Fort Wayne, M. W. Lees, and W. A. Pickens, of Spencer. The president, Mr. Porter; the treasurer, Mr. John P. Frenzel, and the secretary, who is yet to be chosen, will be ex-officio members of the committee. The committee will meet at Indianapolis April 10, to choose a secretary and initiate the work of the league.

MR. WILL A. DAVIS, of Columbia City, sends to THE SENTINEL a rare literary volume, "The Trial of Jesus and Other Poems," from his pen and the press of J. W. Adams, the publisher. The work is indeed meritorious and there are traces of rare genius through its lines. Some of the poems have been published in the Chicago *Times* and *Inter-Ocean*, in the Toledo *Blade*, Detroit *Free Press*, Indianapolis *Journal*, New York *World* and *Tribune*, Pittsburg *Post* and other leading journals, and go to the public with the favor of public criticism and the assurance that they are gems in their way.

THE municipal elections yesterday indicate a growth of democratic sentiment everywhere. At Springfield, Ohio, a democratic ticket was elected for the first time in many years. Evansville, Ind., again wheeled into the democratic ranks, and Cincinnati divided her offices between the great parties. Columbus, Ohio, also elected a democratic mayor, Cleveland divided its political honors, while Michigan elects a republican justice of the supreme court. Of course, local issues change party aspects in many instances, as an example at Keokuk, Iowa, the republican candidate for mayor was defeated because he closed the saloons.

THE CHICAGO ELECTION.

The election at Chicago to-day is the most exciting in the history of the city, and business is entirely suspended in consequence. There are three tickets in the field—democratic, republican and socialist. Entire pages of every newspaper in the city have been devoted to the contests daily for nearly a fortnight, and the managers of the different tickets have resorted to the importation of speakers from other cities to stump even the surest wards.

Mayor Roche, the republican candidate, is represented as hostile to the many projected elevated railroads. The democratic candidate is DeWitt C. Creiger. Against him the surface street railway companies are thought to be solidly arrayed, especially the Yerkes system. Until Creiger was nominated there was a labor ticket in the field, based largely on the supposed widespread feeling that Mayor Roche, during the recent street car strike, had assisted Mr. Yerkes. Mr. Creiger was some time ago superintendent of the West Division street railways, and was popular with the employes. He was removed by the Yerkes syndicate.

Another feature of the contest was a concerted effort of the disaffected to break the power of the republican machine. Assessor George Williams, more than Mayor Roche, getting the brunt of this fight, which was led by Frank Collier, a leader of the new British-American element in politics. Strangely enough, the British, to carry their point, must vote for an Irishman, Thomas J. Cantwell, democratic candidate for assessor. The republican candidate for circuit judge, Thos. J. Cratty, was nominated in violation of an agreement having for its object a non-partisan judiciary, and Cratty is conceded to be at a decided disadvantage compared with the other republican candidates. Probably half the literature of the campaign has consisted of attempts to show Mayor Roche and Mr. Creigier to be in sympathy with a local organization of "Know-nothings," called the United Order of Deputies. The object has been to stampede the Irish-Americans en masse into one or the other party.

THE TOW PATH ROAD.

A New Engineer Going Over the Route in a Carriage.

The Huntington *Herald* says: "There arrived in the city last evening Messrs. R. A. Liggett, the prominent liveryman of Fort Wayne, and S. T. Emerson, of St. Louis. The business of the former was to furnish transportation for the latter over the line of the old canal from Fort Wayne to Peru. Mr. Emerson is a permanent civil engineer for the great Santa Fe system and has been employed by the movers of the tow path line to make a tour of the route and report the probable cost to the contractors and also as to the general feasibility of the new road. To the reporter he said substantially:

"I know little about the project and am only hired by the company as a practical engineer to see what obstacles there may be to surmount along the proposed road. At Fort Wayne there will be some difficulty encountered in crossing the Grand Rapids and the Pittsburg tracks, both being on a grade of nine feet. The Chicago and Atlantic at this station will also necessitate a grade of about six feet."

THE CARPENTER'S HAMMER.

Will be Kept Busy on the New Buildings Being Erected.

August E. C. Becker has been given a permit to build four one and one-half story frame houses, on lots 7, 8 and 9, Hedekin's addition, to cost $850 each.

Ernest Breimier, to build a two story brick house, on lot 36, Fairfield's addition, to cost $1,800.

Jacob Alter, to build a frame addition to his house, on lot 1, McMakin's addition, to cost $100.

J. C. Kensill, to build an addition to his kitchen, on lot 88, Lewis addition, to cost $175.

Frank Rahe, to build an addition to his house, on lot 3, Broadway, to cost $250.

Mary Rauch to Charles Fairfield, 6½ acres, Wayne township, for $3,000.

Edwin G. Evans has sold to Dr. S. S. Sledd, lot 3, Evans' place, for $1,200.

Preston Chapman, as administrator, has sold to Lewis C. Hunter, lot 28, north side, for $2,000.

David Bundige, sr., to David Bundige, jr., lot 139, Archer's addition, for $300.

"Why sit doubled up like an old man, my boy? What's rheumatism! Take the good the gods provide thee, and send twenty-five cents around the corner for a bottle of Salvation Oil and you'll ride your bicycle to-morrow."

The wholesale grocers of Indiana and western Ohio together with their traveling agents will meet at the Wayne hotel next Saturday for the purpose of organizing a division of the national traveling men's protective association, and to consider the best means of obtaining relief from serious abuses which have grown up in the trade by reason of the sale of "contract" goods, principally plug tobaccos and scraps, at rates less than those fixed by the manufacturers. It is stated that these abuses are effected by allowing retailers certain discounts and rebates and that the practice has become so general that a strict compact, the infraction of which is to make punishable by a heavy fine, will now be entered into.

A Sensible Man.

Humors run riot in the blood at this season. Hood's Sarsaparilla expels every impurity and vitalizes and enriches the blood.

Miss Mattie Vickers, who presents "Jacquine, or Paste and Diamonds" at the Temple Thursday next, is a bright and pleasing little actress whose ability does not lie wholly in her art on the stage, but is a fine pianist, and a great lover of out door sport. She rows a boat gracefully, shoots the rifle as though a man, and in summer at the beach is an expert swimmer.

RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CAROLI, Eureka, Nevada.

Mammoth testimonial paper free.

WELLS, RICHARDSON & Co., Props., Burlington, Vt.

"Paine's Celery Compound has been a God-send to me. For the past two years I have suffered with neuralgia of the heart, doctor after doctor failing to cure me. I have now taken nearly four bottles of the Compound, and am free from the complaint. I feel very grateful to you." CHAS. H. LEWIS, Central Village, Ct.

Paine's Celery Compound

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles." SAMUEL HUTCHINSON, So. Cornish, N. H.

Effects Lasting Cures.

Paine's Celery Compound has performed many other cures as marvelous as these,—copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

TUESDAY'S TOPICS!

As Collected and Dished up by Our Railroad Reporter, After a Trip Over the Ties.

The pay days will soon be here again.

Joe Sunderland, the Wabash night baggage master, is able to be on duty again.

Frank Kleber is assisting in the clerk's office of the Pittsburg car shops for a few days.

Joseph W. Hursh, a former Wabash baggage master, is the defendant in a divorce suit in the courts.

A number of the Pittsburg employes were off duty yesterday, attending the funeral of Mrs. Benj. Armack.

The Wabash men were pained and startled to hear of the sad death of George Gavin, who had many friends among them.

Charles Zimmerman has returned from New Albany, Ind., where he was superintending some work for the Kerr Murray machine works.

John Slater, of the Pittsburg shops, as township assessor, has fifteen men engaged in the work of taking assessments of personal property.

Foreman Fitzpaterick, of the Pittsburg machine shops, was hastily called home yesterday afternoon by a clever April 1 ruse that his wife had arranged for him.

Fred Rothenberger, of the Pittsburg copper shops, kicked an old hat lying on the floor of the works yesterday, and then discovered that it had a brick in it and that it was April 1.

Chas. Cran, jr., foreman at the Fort Wayne iron works, has been quite ill for several days, with a lung affection, and has been prevented from attending to his duties at the works.

L. R. Buchwalter, one of the foremen at the Pittsburg shops, has been off duty for a few days, on account of a sore foot. Mr. Buchwalter has a host of friends and they miss him.

George Walthers, a machinist at the Bass works, has resigned and left to-day for Binghampton, N. Y., where he takes a position in the Binghampton hydraulic works. He has been with the Bass works for a year.

Railroad companies all over the country are beginning to reduce expenses wherever practical, but with as little reduction of wages as possible. The Pennsylvania is reducing expenses everywhere as fast as possible.

A sack containing 300 pounds of brass was found in a freight car at the Muncie depot this morning. It is supposed to be the spoils of some of the numerous brass thieves who are plying their vocation all over the country.

In the year 1888 the Pennsylvania lines carried 74,000;086 passengers one mile, against 68,117,705 carried one mile in 1887, and but two passengers in this immense mileage were killed from carelessness on the part of the roads or their employes.

W. J. Madison, who has been acting as foreman of the machine department of the Pittsburg car shops during the absence of R. H. Harrison, will resume his old position again to-morrow. Mr. Madison has made a capable foreman during the time he has filled the position, and has proven himself equal to any emergency.

Nick DeWald, of the Bass foundry boiler shops, met with a sad catastrophe yesterday. He was engaged in riveting a huge boiler, when the high perch upon which he was seated gave away and precipitated him into a tank of water underneath him. He got an excellent ducking and when he emerged from his involuntary bath was wet from head to foot.

A pretty bad wreck took place Sunday morning, on the Nickel Plate road, at South Whitley. A Nickel Plate freight train was standing on the crossing when it was run into by a train on the Wabash Western. Several Nickel Plate cars were demolished and the locomotive of the Wabash was derailed and turned over. The damage is considerable, but no person was injured.

A party of twelve men, consisting of Clegg & Richardson, George E. Blaine and others, who have the contract for the building of the Mahoning road from Ottawa to Fort Wayne, left last night for Guymas, Mexico, where they have a contract to build 240 miles of road running south from that point The road is subsidized by the Mexican government, which also guarantees the bonds of the railroad company.

The officers of the New York, Mahoning and Western and those of the Ohio, Indiana and Missouri River railroads met at Findlay, Ohio, yesterday, and completed the consolidation of the two roads under the name of the American Midland, with the following roster of officers: President, William Thorpe, New York; vice-president, Davis Johnson, New York; treasurer, James F. Cox, New York; secretary, Theodore Fotheringham, New York.

The east bound shipments of grain, flour and provisions by the Chicago lines in the Central Traffic association last week aggregated 31,260 tons, against 29,137 for the previous week, an increase of 2,123 tons, against 48,686 for the corresponding week last year, a decrease of 17,376 tons. The Chicago and Grand Trunk carried 35.5 per cent. of the whole business; the three Vanderhilt lines, 40.09 per cent.; the two Pennsylvania lines, 18.4 per cent.; the Baltimore and Ohio, 5.2 per cent.

A Great Battle.
Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. A good reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, and restore peace and bodily health for many years. Try this peculiar medicine.

Hoagland Hits.

To the Editor of THE SENTINEL:

Communion services will be observed at Antoch church, April 14.

Professor Livengood began school last Monday, after a short vacation, with a large number of students in atttendance.

It is rumored that the present postmaster will undoubtedly be retained. The general opinion of the people is that the office should remain where it is at present. The other aspirants for the office are, however, all suitable men.

Mr. Good has commenced another singing school at this place with a larger class than usual. All interested in music are invited to attend. Professor Good is a young man well versed in his profession and very prepossessing, This doubtles accounts for the fact that the class is principally composed of ladies.

Mr. Fred G. Frye and Miss Bertha McIntosh were recently united in the holy bonds of wedlock. The bride is the daughter of Mr. John McIntosh, a prosperous farmer of Madison township. Rev. Bower, of Monroeville, performed the ceremony in presence of a large number of people, consisting of the elite of the vicinity. Your correspondent was unable to obtain the exact number present. Upon inspection we learn that the presents were all very costly and useful. After a sumptuous repast, consisting of all that is necessary on such occasions, the party returned to their homes, wishing the newly married couple a long and prosperous life.

FRATER.

A Great Surprise.
Is in store for all those who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free? It never fails to cure acute pain or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50c and $1.

What a Dunce!
I suffered with fever, hot head and foul breath.
With stomach disordered—was sick unto death.
I bore it a week—surely I was a dunce—
Then I took a few "Pellets"—they cured me at once.
What a dunce, indeed, to neglect such a remedy and suffer a week, when quick relief could have been found in Dr. Pierce's Pleasant Purgative Pellets.

BAD COMPLEXIONS.
The Secret of Their Cause Fully Explained—Why Ladies are Sallow and Men Pallid—Some Valuable Facts on the Subject.

In passing along the leading streets in almost any city in America to-day, one will meet with but few ladies who have clear complexions. Many persons have tried to account for this sad fact because of the severe climate of America, but such reasoning is wrong. A bad complexion is caused by impure blood, and no lady can be really beautiful and no man ruddy, who has diseased or impure blood.

The best known way of keeping the blood pure is by keeping it circulating. In this way it passes rapidly through the lungs, kidneys and liver, and is constantly purified. But supposing the system is clogged up as is frequently the case, then of course the blood becomes impure. Then far too often men and women take some powerful purgative, pill or other substance, that clears the body quickly, weakens the strength, and leaves the system in worse condition than before. The only sensible way is to take a gentle, pure and natural purgative, moderately but regularly, and the highest known medical authorities of the day agree that the genuine imported Carlsbad Sprudel Salt is infinitely superior to any other natural preparation known to the world. It is gentle, wet stimulating; it is pure, yet powerful. Containing only natural properities, being evaporated from the celebrated Carlsbad Sprudel spring, it cannot injure the body in the least, and yet it has never failed to renew life, purify the blood and thus clear the complexion. Hundreds of doctors have given it their unqualified endorsements; thousands of people go each year to the Carlsbad Springs, but they can obtain no greater benefit than by taking the Carlsbad Sprudel Salt in its powdered form, such as can be procured at any drug store in the land. When it is considered that the Carlsbad Salt costs, practically, little more than the cheap, questionable and often injurious Salts, purgatives and Bitter Waters that are in the market, one bottle being sufficient for nearly a month, all persons who keep pace with the times and desire only what is best, will see that it is to their interest to use only the Carlsbad. Each bottle is in a light blue paper cartoon and has the signature Eisner & Mendelson Co., sole agents, on every bottle. One bottle mailed upon receipt of one dollar. Dr. Toboldt's lecture and pamphlets mailed free upon application. Eisner & Mendelson Co., 6 Barclay St., New York.

POND'S EXTRA CT.
LETTERS FROM THE GOVERNORS.

It is a well-known fact that POND'S EXTRACT is used and recommended by more distinguished people than any preparation or remedy extant.

It is used in the household of the President as well as that of the humblest citizen; by members of the army and the navy, the Bar and the Bench, the pulpit and the press—all ranks and classes of people. To further illustrate this fact we append a few of the more recent letters from Governors of different States:

The Governor of New Hampshire.
GENTLEMEN: I have used POND'S EXTRACT in my family for several years, and have found it a most desirable and valuable remedy. Yours truly, MOODY CURRIER.
Dec. 3, '87.

The Governor of Pennsylvania.
GENTS: POND'S EXTRACT has been a valued reliance in our family for several years, especially in relieving the aches, sprains and bruises incident to children.
Very truly yours,
Nov. 30, '87. JAMES A. BEAVER.

The Governor of New Jersey.
DEAR SIR: I have for many years used POND'S EXTRACT, and have derived great benefit and relief therefrom. Yours truly,
Dec. 5, '87. R. S. GREEN.

The Lt.-Governor of Illinois.
GENTLEMEN: POND'S EXTRACT has long had a place in the medicine chest of my family. I assure you that we have found it a ready and valuable agent to relieve pain in many cases, and that very promptly. We cannot well keep house without it.
I am, truly yours,
Oct. 10, '87. J. C. SMITH.

POND'S EXTRACT is invaluable for all kinds of Pain, Inflammation and Hemorrhages.
Excellence invites imitation. Beware of worthless imitations of POND'S EXTRACT.

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, is Constructed of most improved material and is absolutely GAS TIGHT. It is low down and can be set in the lowest cellar and still allow the hot air pipes to be taken from the top instead of the side of the casing as in all other furnaces.

The G. B. and C. P. club were pleasantly entertained by Mr. and Mrs. M. Etchey, at their home, last evening, in honor of Mr. Robt. Schlag, of Duluth, Minn. Progressive euchre was the main feature of the evening. Miss Mamie Pinney carried off the capital prize and Mr. Robt. Schlag the booby prize.

Mr. William Malloy, who was in years past connected with Rogers, Lewis & Co., Alderman & Yarnelle and Coombs & Co., will in a few days open a millinery store in the Keystone block. Mr. Malloy is an old resident of Fort Wayne, an energetic man, and THE SENTINEL wishes him success in his new field.

It is stated on authority that President Harrison has advised the Morton club officers that when they were ready and could agree on a man for postmaster at this place, he would be glad to hear from them. As the appointment will in all probability be made through this medium, there is much speculation as to who the lucky gentleman will be.

Lieutenant Colonel Henry W. Lawton, inspector general, United States army, will be at the Wayne hotel this evening, and will be tendered an informal reception by old army comrades. Colonel Lawton's home was formerly in Fort Wayne, but since he has distinguished himself in many wars. Colonel Lawton comes to attend the reunion of the 30th Indiana regiment at Lagrange to-morrow.

He is reported as better this afternoon but it will be several days before he will be able to report for duty again.

Wounded in the Army.

I was wounded in the leg at the battle of Stone River, December 31, 1862. My blood was poisoned from the effects of the wound, and the leg swelled to double its natural size, and remained so for many years. The poison extended to my whole system, and I suffered a thousand deaths. Nothing did me any good until I took Swift's Specific, which took the poison out of my blood, and enabled me to feel myself a man again. S. S. S. is the remedy for blood poison.

JOHN CONWAY, London, O.

CATARRH IN CHILDREN.

Our little boy Stokes, now eleven years old, had catarrh from the time he was three until he was seven years of age. Sometimes his breathing was heavy, and a constant discharge from the nose. He had more or less treatment for four years, but without any benefit. We gave him Swift's Specific, and it soon cured him sound and well. This was four yeare ago, and there has been no return of the disease.

Misfits!

What Are They?

In answer to the question: "What are Misfits?" we offer a few words of explanation. They are simply goods left on Merchant tailors hands for the reason they did not fit the parties originally intended for, or because they were not called for.

Where Do You Get Them?

This question is asked of us innumerable times. To this we also offer a few words of explanation. We have five men employed, who are constantly visiting the principal cities of this country, and buying up from the leading tailors any MISFIT or UNCALLED FOR garments they may have. These goods are purchased so we are enabled to sell them for ONE HALF there original measured price. They are cut in the latest style and in any shape shown on the fashion plate, and are made from the very finest of imported and domestic fabrics. They consist of Prince Alberts, Three and Four Button Cutaways, Sacks and Full Dress Suits. Further comment is unnecessary. Call and convince yourself. We append below our price list as a guide.

IN A SQUARE FIGHT!

Toledo Gives the Standard Oil Company Its First Defeat The Elections Held Yesterday.

TOLEDO, O., April 2.—Two years ago the Standard Oil company was granted a franchise to pipe this city for natural gas. The city council was coerced into adopting the schedule of prices as fixed by the Standard people. Their rates were excessive, and the people became dissatisfied. Their complaints were of no avail, and the city appealed to the state legislature for an enabling act, authorizing the municipal government to issue bonds to the amount of $750,000 to construct a city pipe line. The Standard people fought the city in the legislature for a year, and succeeded in having a clause inserted in the bill requiring an affirmative vote of sixty per cent. in the city, to make the enabling act effective.

The Standard people made herculean efforts, financially and otherwise, to defeat the project, but at the election held yesterday, out of 11,000 votes cast, the pipe line measure received 7,008, being more than the required sixty per cent. This is believed to be the first instance on record where the Standard has suffered defeat at the hands of a municipality in a square contest.

The entire city republican ticket, with the exception of police prosecutor, was elected by majorities ranging from 200 to 1,100. The aldermanic board will stand three democrats and six republicans. The council board will be a tie.

ANOTHER BLACK EYE.

TIFFIN, Ohio, April 2.—The Standard Oil company was given a black eye here yesterday. The proposition for the city to pipe its own gas for the use of private consumers carried by an overwhelming majority. The democrats are in the majority in the council.

GRAND RAPIDS, Mich., April 2.—In the election held here yesterday the republicans carried the city by a small plurality on the state ticket. They elected Charles W. Watkins mayor by about thirty plurality and most of the other city officers by small majorities. The city government has been democratic for several years past.

SHAMUS O'BRIEN.

The Huntington Murderer Arrested in Wisconsin.

ASHLAND, Wis., April 2.—Marshal Rosebrough, of Huntington, Ind., left today with Frank Williams, alias Shamus O'Brien. He was held here for safe-blowing, and he is wanted in Indiana on the charge of murdering Wm. Nucomb in Huntington, in February, 1885. Nucomb and O'Brien were breaking into the postoffice at the time of the murder.

They were caught at their work by City Marshal Baumgardner, whom O'Brien tried to shoot in the back of the head, but the marshal dodged and the ball struck Nucomb, killing him instantly.

O'Brien escaped and the first trace secured of him by the Indiana officers was a year ago from Minneapolis. He was located here and taken to Indiana to stand trial.

GERMANY'S EMPEROR.

Will Count Bismarck, Will Visit the Queen in June.

LONDON, April 2.—It has now been definitely settled that the visit of the German emperor is to take place at the end of June when the queen is at Cowes. A flotilla of eight German iron clads will accompany him, and he will be welcomed by his grandmother officially, although it is improbable that he will come to London. Naval maneuvers on a large scale are likely to take place during his stay. Count Herbert Bismarck comes with him.

Arrested for Robbery.

DENVER, Col., April 2.—W. B. Stephens alias Spencer, was arrested here yesterday afternoon, charged with being the principal in the robbery at the First National bank, in which President Moffatt lost $31,000, but he proved not to be the man. Stephens was then locked up on a charge of forgery. W. H. Clarke, a gambler of St. Louis, is still held as an accomplice in the bank robbery.

River Land Settlers.

FORT DODGE, Ia., April 2.—The old excitement among river land settlers has been revived by the resumption of evictions. Early yesterday morning a large number of river land settlers, fully equipped with machinery and seeds, started to plant a crop on the farms from which settlers had been evicted last fall. Warrants have been issued for their arrest.

THE SENATE ADJOURNS.

A Few Unimportant Appointments Made—The Loss in the Samoan Disaster.

WASHINGTON, April 2.—The president sent to the senate to-day the following nominations:

Robert J. Fisher, of Chicago, Ill., to be assistant commissioner of patents, vice Robert B. Vance, resigned.

A number of army appointments were made, among which were George R. Durand and Francis M. Barber to be commanders.

The names of a number of the enlisted men, who were reported by Admiral Kimberly as lost in the Samoan disaster, can not be found on the muster rolls of the navy and the marine corps.

The names of S. G. Gehring, Charles Kraus and Henry Wixted, which came by cable, are not in the corps, and the nearest approach to them on the rolls are Henry C. Gehring, Samuel Kraus and James Wixted.

These last three were on the Vandalia. The marines who are supposed to have been lost, with the exception of those mentioned, were First Sergeant John Hanchill, Sergeant Frank A. Lussman, Corporal Michael Cashen, Privates Adolph Goldner, Frank Jones, George Jordan, Nicholas Kinsella, Aylmer Montgomerie, John Sims and Gilbert H. Wells.

Jacob H. Dimmick, postage stamp agent of the postoffice department, stationed at New York, was to-day removed by the postmaster general for neglect of official duties.

The senate, in recent session, has confirmed a number of nominations, among them being Clement Studabaker, of Indiana.

The reduction in the public debt during the month of March was $13,605,650.

It is thought that the senate will confirm all the pending nominations, make public the vote on Murat Halstead and adjourn sine die this evening.

In the senate to-day Mr. Stewart's resolution offered yesterday expressing the sorrow of the senate at the death of John Bright was discussed and referred to the committee on foreign relations.

Mr. Edmunds offered a resolution that in the absence of the vice president, Mr. Ingalls be chosen president of the senate pro tempore. The resolution was agreed to and Mr. Ingalls took the seat.

SENATE ADJOURNS.

At 3:40 p. m. the senate adjourned without day.

In the secret session of the senate, this morning, the debate on the nominations of delegates to the congress of American republics was concluded. All of them were finally confirmed.

Objection being made to the consideration of the Russian treaty, it was allowed to go over.

The motion to make public the vote on the Halstead nomination, offered yesterday, was withdrawn to-day.

An Unnatural Father.

VAN WERT, Ohio, April 2.—A shocking crime has just come to light in Hoagling township, through the arrest of Henry Lowther, on a charge of criminal intimacy with his own daughter. The girl, who is eighteen years old, came before a justice of the peace, last Saturday, carrying a four-months-old baby in her arms.

Their First Session.

MUSKOGEE, I. T., April 2.—The newly appointed officers for the federal court recently established at Muskogee, and the first session of the first United States court ever held in the Indian territory was opened with Judge James M. Shackelford, of Indiana, on the bench.

Arrested for Murder.

FORT SMITH, Ark., April 2.—John and Nathaniel Hallowell and Joe Fox were arrested yesterday, by Deputy Marshal Bond, for the murder of John Bramley, in the Cherokee nation, March 4. John Hallowell confessed in a moment of remorse, whereupon all were arrested.

Bound for Oklahoma.

ST. LOUIS, April 2.—A flood of applications for immigrant rates to Oklahoma is pouring into the St. Louis railroad offices. There is only room for 10,000 homesteads, and applications for over 30,000 persons have been received.

Murdered by His Squaw.

HANCOCK, Dak., April 2.—Old William Edwards, a squaw man, who had the mail contract from Washburn to Coal Harbor, was murdered Saturday, by his squaw wife.

Will Fight.

SAN FRANCISCO, April 2.—Articles were formally signed last night, by Peter Jackson and Patsy Cardiff for a glove contest in this city.

MURAT HALSTEAD.

Defeated in His Ambition to Be Minister to Germany, He Will Now Run for Governor of Ohio.

CINCINNATI, April 2.—An important deal to harmonize the republican factions in Ohio is now in progress. Sunday night Governor Foraker and Murat Halstead were closeted together for two hours. In an interview last evening Governor Foraker announced that Mr. Halstead will be a prominent candidate for governor of Ohio this fall.

Several dispatches were sent to Washington yesterday by Mr. Halstead and his friends urging Governor Foraker for the Berlin mission, but Foraker says that he will not accept it. It is proposed to vindicate Halstead, and the scheme probably contemplates the election of Foraker to Payne's seat in the United States senate.

THE NEW BRIDGE.

It Will Cost $16,000 Less Than the First Bids Indicated.

This afternoon the county commissioners opened bids for eight bridges and eleven sub structures. The important proposals were on the Maumee river bridge. The figures are as follows:

Smith Bridge Company, of Toledo, 300 foot span, $18,500; two spans, 156 feet each, $12,650.

King Bridge company, of Cleveland, 300 foot span, $24,372; two spans, 156 feet each, $18,232.

Mt. Vernon Bridge company, 300 foot span, $24,150; two spans, 156 feet each, $21,840.

Wrought Iron Bridge company, Canton, Ohio, bids $17,955 and $12,350 for 300 foot span; 156 foot span $12,611.04.

Lane Bridge company, Chicago, for 300 foot span, $22,500; for two spans 156 feet each $14,700.

Penn Bridge company, Beaver Falls, for 300 foot span $19,275; for two spans 156 feet each $15,400.

Champion Bridge company, for two spans 150 feet each, $22,950.

Columbus Bridge company, for 300 foot span, $27,900; for two spans 165 feet each, $15,950.

F. W. Brockett, Cincinnati, for 300-foot span, $20,490.55; for two spans, 156 feet each, $12,133.76.

Indiana Bridge Co., Muncie——; for two spans, 156 feet each, $13,500.

Variety Iron Co., for 300 foot span, $24,112.28; for two spans, 156 feet each, $16,478.80.

Milwaukee Bridge Co., for 300 foot span, $25,900; for two spans, 156 feet each, $17,520.

Columbia Bridge Co., Dayton, for 300 foot span, $24,800; for two spans, 150 feet each, $16,200.

This is the second time bids have been opened for the Maumee river bridge. The lowest of the former bids was $23,985 for the 300 foot span and $15,985 for the 156 foot spans.

The lowest bid to-day is $17,955 for the 300 foot span and $12,611.04 for the 156 foot spans, by the Canton Bridge company, a clean saving of nearly $10,000.

The next largest of the eight bridges is a 140 foot span over Big Cedar creek, at Van Ziles mill.

The other six are small bridges of fifty spans and less.

Fires.

DUBUQUE, Iowa, April 2.—The Dubuque mattress factory, of this city, was destroyed by fire last evening. The loss is estimated at from $15,000 to $20,000.

YOUNGSTOWN, Ohio, April 2.—The nut and bolt works of Arms, Bell & Co., employing two hundred men, were entirely destroyed by fire yesterday morning. Loss, $80,000; insured for $42,500.

A Land Slide.

PITTSBURG, Pa., April 2.—A tremendous slide of earth and rock occurred on Second avenue, near Tenth street, at 2 o'clock, this morning. The slip carried away a large part of Bluff street, at the top of the hill, rendering the street impassable, and damaging some of the property along that thoroughfare.

Killed by Electricity.

PEORIA, O., April 2.—Harry L. Pugh, superintendent of the electric light plant, was instantly killed at a late hour last night, by coming in contact with the current while repairing a dynamo.

Coming to the States.

STRATFORD, Ont., April 2.—The exodus from the counties of Perth, Oxford and Huron to the states and the northwest, is greater this year than any previous season in the history of these parts.

Mary Anderson.

PHILADELPHIA, April 2.—Mary Anderson, the actress, left this city yesterday afternoon for New York, and she will sail from that city to-morrow for Europe.

The Weather.

WASHINGTON, April 2.—Indiana—Warmer; fair, followed by rain; southerly winds.

A NEW COLLEGE.

Bishop Dwenger Incorporates One in Jasper County.

A new college is to be established by the Roman Catholic church in Jasper county, on 320 acres of land, valued at $10,000, donated for the purpose by Bishop Dwenger. An endowment of $40,000 is provided for the needs of the institution, which will be under the patronage of the Society of the Precious Blood. Articles incorporating the institution under the laws of the state were filed with Secretary of State Griffith yesterday.

A SERIOUS ACCIDENT.

Mr. R. T. McDonald Severely Injured by a Falling Brick.

Just before noon to-day, Mr. R. T. McDonald, while walking between the walls of the electric light works, in course of construction, on Broadway, was seriously injured.

A loose brick fell from one of the walls, now a story and a half high, and struck Mr. McDonald squarely on the crown of the head, rendering him insensible.

He was conveyed home in a carriage and en route recovered himself, but is not able to say how the accident happened. He only remembers walking between the walls, and whether the brick fell off or was dropped by a workman is not known, for Mr. McDonald can not recall being hit at all.

Judge R. S. Taylor came from Mr. McDonald's bedside at 1 o'clock, and said: "He is resting easy, and is fully conscious, save that he can not recall the accident. His scalp is slightly cut, and bled somewhat, but the skull is uninjured. If no inflammation occurs he will be all right again in a day or so."

LOCAL LINES.

The funeral of George Gavin will take place Thursday afternoon from the residence, No. 8 Harmer, at 2 o'clock.

Mr. John Pressler, the galvanized iron dauber left to-day for Huntington, where he is figuring on several important jobs. He will be absent a couple of days.

Rev. F. G. Browne, formerly pastor of the Wayne Street M. E. church, but now of Mishawaka, Ind., was in the city to-day on his way to attend the North Indiana M. E. conference.

The case of Bittinger vs. Trentman, growing out of the affairs of the Miller estate, was called in the superior court this morning, but had to be postponed on account of the illness of Judge L. M. Ninde.

James Roy, the New Haven saloonkeeper, was arrested and arraigned before a Monroeville justice for selling liquor to a minor. He was acquitted, so his attorney, Mr. J. R. Bittinger, tells us.

The only child of Mr. and Mrs. Gottlieb Heine, of 179 Hanna street, died yesterday, aged six weeks. The funeral occurs Thursday at 1:30 p. m. from the residence. Mr. Heine is a boilermaker at the Bass works.

John A. Duff, the great theatrical manager, whose death, at New York, Sunday last, was noted yesterday, is related by marriage in this city. Mrs. Duff is a sister of the Hon. Edward, Supt. P. S. and Mr. John O'Rourke, of this city.

Fancy, if you please, this glorious Western Continent pushed backward a couple of decades. No steam, no telegraph, no Atlantic cable, no big Brooklyn bridge, no telephone, and no Dr. Bull's Cough Syrup to cure coughs and colds.

TUESDAY, APRIL 2, 1889.

GOVERNOR ROVEY has already pardoned three convicts.

CITY elections are in progress at Chicago and St. Louis to-day.

INDIANAPOLIS lawyers now differ on the constitutionality of the state loan act.

THE strike season opens briskly with President Harrison's assumption of power.

DENNIS Francis Murphy's evangelistic work at Indianapolis, last week, 1,200 blue ribbon pledges were signed.

THE rejection of Field Marshal Halstead, by the senate, is likely to provoke a serious split in the republican party.

THE pestiferous aspirants at Ligonier, numbers unknown, have decided to pool their issues and test the popularity of their claims at a special election, April 20.

AN enormous crop of wheat is in prospect in Indiana this year. Strange to say, the croakers have not yet killed off a single field. The acreage is perhaps a full average.

The *Daily News* very properly locates the blame of Sabbath violation, at the door of the police force. If the officers are not permitted to enforce the Sunday laws let them speak out and locate the blame.

ALLEN W. THURMAN, son of the old Roman, it is officially announced, is a candidate for governor of Ohio, on the democratic ticket. Mr. Thurman was at Fort Wayne with his honored father last fall.

HOW does States Attorney Robinson feel about the Sunday saloon violations? There are a great many crimes the prosecutor can punish, but Sabbath violations are carefully avoided, although they come within his jurisdiction.

BILL NYE and James Whitcomb Riley have been sued for damages by Manager Maloney, of the Fort Dodge (Iowa) Opera house, for failing to appear Friday evening as advertised. Mr. Nye was not well enough to appear, and the manager would not accept Mr. Riley's unaided services. Mr. Nye cannot trifle with people who have puckered their lips in anticipation of his fun.

PRESIDENT S. F. PORTER, of the Indiana tariff reform league has appointed the following executive committee: Edgar A. Brown, James Smith and S. E. Morss, of Indianapolis, Samuel M. Foster, of Fort Wayne, M. W. Lees, and W. A. Pickens, of Spencer. The president, Mr. Porter; the treasurer, Mr. John P. Frenzel, and the secretary, who is yet to be chosen, will be ex-officio members of the committee. The committee will meet at Indianapolis April 10, to choose a secretary and initiate the work of the league.

MR. WILL A. DAVIS, of Columbia City, sends to THE SENTINEL a rare literary volume, "The Trial of Jesus and Other Poems," from his pen and the press of J. W. Adams, the publisher. The work is indeed meritorious and there are traces of rare genius through its lines. Some of the poems have been published in the Chicago *Times* and *Inter-Ocean*, in the Toledo *Blade*, Detroit *Free Press*, Indianapolis *Journal*, New York *World* and *Tribune*, Pittsburg *Post* and other leading journals, and go to the public with the favor of public criticism and the assurance that they are gems in their way.

THE municipal elections yesterday indicate a growth of democratic sentiment everywhere. At Springfield, Ohio, a democratic ticket was elected for the first time in many years. Evansville, Ind., again wheeled into the democratic ranks, and Cincinnati divided her offices between the great parties. Columbus, Ohio, also elected a democratic mayor. Cleveland divided its political honors, while Michigan elects a republican justice of the supreme court. Of course, local issues change party aspects in many instances, as an example at Keokuk, Iowa, the republican candidate for mayor was defeated because he closed the saloons.

THE CHICAGO ELECTION.

The election at Chicago to-day is the most exciting in the history of the city, and business is entirely suspended in consequence. There are three tickets in the field—democratic, republican and socialist. Entire pages of every newspaper in the city have been devoted to the contests daily for nearly a fortnight, and the managers of the different tickets have resorted to the importation of speakers from other cities to stump even the surest wards.

Mayor Roche, the republican candidate, is represented as hostile to the many projected elevated railroads. The democratic candidate is DeWitt C. Creiger. Against him the surface street railway companies are thought to be solidly arrayed, especially the Yerkes system. Until Creiger was nominated there was a labor ticket in the field, based largely on the supposed widespread feeling that Mayor Roche, during the recent street car strike, had assisted Mr. Yerkes. Mr. Creiger was some time ago superintendent of the West Division street railways, and was popular with the employes. He was removed by the Yerkes syndicate.

Another feature of the contest was a concerted effort of the disaffected to break the power of the republican machine. Assessor George Williams, more than Mayor Roche, getting the brunt of this fight, which was led by Frank Collier, a leader of the new British-American element in politics. Strangely enough, the British, to carry their point, must vote for an Irishman, Thomas J. Cantwell, democratic candidate for assessor. The republican candidate for circuit judge, Thos. J. Cratty, was nominated in violation of an agreement having for its object a non-partisan judiciary, and Cratty is conceded to be at a decided disadvantage compared with the other republican candidates. Probably half the literature of the campaign has consisted of attempts to show Mayor Roche and Mr. Creigier to be in sympathy with a local organization of "Know nothings," called the United Order of Depatics. The object has been to stampede the Irish-Americans en masse into one or the other party.

THE TOW PATH ROAD.

A New Engineer Going Over the Route in a Carriage.

The Huntington *Herald* says: "There arrived in the city last evening Messrs. R. A. Liggett, the prominent Riveryman of Fort Wayne, and S. T. Emerson, of St. Louis. The business of the former was to furnish transportation for the latter over the line of the old canal from Fort Wayne to Peru. Mr. Emerson is a permanent civil engineer for the great Santa Fe system and has been employed by the movers of the tow path line to make a tour of the route and report the probable cost to the contractors and also as to the general feasibility of the new road. To the reporter he said substantially:

"I know little about the project and am only hired by the company as a practical engineer to see what obstacles there may be to surmount along the proposed road. At Fort Wayne there will be some difficulty encountered in crossing the Grand Rapids and the Pittsburg tracks, both being on a grade of nine feet. The Chicago and Atlantic at this station will also necessitate a grade of about six feet."

THE CARPENTER'S HAMMER.

Will be Kept Busy on the New Buildings being Erected.

August E. C. Becker has been given a permit to build four one and one-half story frame houses, on lots 7, 8 and 9, Heidkin's addition, to cost $850 each.

Ernest Brunnier, to build a two story brick house, on lot 36, Fairfield's addition, to cost $1,800.

Jacob Alter, to build a frame addition to his house, on lot 1, McMakin's addition, to cost $100.

J. C. Kunsill, to build an addition to his kitchen, on lot 88, Lewis addition, to cost $175.

Frank Rehe, to build an addition to his house, on lot 3, Broadway, to cost $250.

Mary Rauch to Charles Fairfield, 6¼ acres, Wayne township, for $3,000.

Edwin G. Evans has sold to Dr. S. S. Skidd, lot 3, Evans' place, for $1,200.

Preston Chapman, as administrator, has sold to Lewis C. Hunter, lot 28, north side, for $2,000.

David Bundige, sr., to David Bundige, jr., lot 139, Archer's addition, for $800.

"Why sit doubled up like an old man, my boy? What's rheumatism? Take the good the gods provide thee, and send twenty-five cents around the corner for a bottle of Salvation Oil and you'll ride your bicycle to-morrow."

The wholesale grocers of Indiana and western Ohio together with their traveling agents will meet at the Wayne hotel next Saturday for the purpose of organizing a division of the national traveling men's protective association, and to consider the best means of obtaining relief from serious abuses which have grown up in the trade by reason of the sale of "contract" goods, principally plug tobaccos and scraps, at rates less than those fixed by the manufacturers. It is stated that these abuses are effected by allowing retailers certain discounts and rebates and that the practice has become so general that a strict compact, the infraction of which is to make punishable by a heavy fine, will now be entered into.

RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—most their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism in the knee and back for five years, I was for almost unable to get around. I was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CARROLL, Eureka, Nevada.

In every quality from the cheapest to the best. Call and examine goods whether you want to buy or not. We offer you first, courteous treatment; second, the lowest prices; third, the greatest variety. We are recognized leaders in the

ARTISTIC DECORATION OF WALLS AND CEILINGS!

We can show you finer WORK than any firm in the city, and more of it than all others put together. When we complete a handsome piece of decorating, the would-be decorators send in their voices in the us, "me too," "me too," and then try to copy our work. Imitation is the sincerest flattery, but it takes time even to imitate. Hence, they give you now and then a reputable and deserving we did last year. We give you new styles and charges no more than others. We try to learn the art of decorating at your expense, by experimenting on your work.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

TUESDAY, APRIL 2, 1889.

TUESDAY'S TOPICS!

As Collected and Dished up by Our Railroad Reporter, After a Trip Over the Ties.

The pay days will soon be here again.

Joe Sunderland, the Wabash night baggage master, is able to be on duty again.

Frank Kleber is assisting in the clerk's office of the Pittsburg car shops for a few days.

Joseph W. Hurah, a former Wabash baggage master, is the defendant in a divorce suit in the courts.

A number of the Pittsburg employes were off duty yesterday, attending the funeral of Mrs. Benj. Armack.

The Wabash men were pained and startled to hear of the sad death of George Gavin, who had many friends among them.

Charles Zimmerman has returned from New Albany, Ind., where he was superintending some work for the Kerr Murray machine works.

John Sintor, of the Pittsburg shops, as township assessor, has fifteen men engaged in the work of taking assessments of personal property.

Foreman Fitzpatterick, of the Pittsburg machine shops, was hastily called home yesterday afternoon by a clever April 1 ruse that his wife had arranged for him.

Fred Rothenburger, of the Pittsburg copper shops, kicked an old hat lying on the floor of the works yesterday, and then discovered that it had a brick in it and that it was April 1.

Chas. Crau, jr., foreman at the Fort Wayne iron works, has been quite ill for several days, with a lung affection, and has been prevented from attending to his duties at the works.

L. R. Buchwalter, one of the foremen at the Pittsburg shops, has been off duty for a few days, on account of a sore foot. Mr. Buchwalter has a host of friends and they miss him.

George Walthers, a machinist at the Bass works, has resigned and left to-day for Binghampton, N. Y., where he takes a position in the Binghamton hydraulic works. He has been with the Bass works for a year.

Railroad companies all over the country are beginning to reduce expenses wherever practical, but with as little reduction of wages as possible. The Pennsylvania is reducing expenses everywhere as fast as possible.

A sack containing 300 pounds of brass was found in a freight car at the Muncie depot this morning. It is supposed to be the spoils of some of the numerous brass thieves who are plying their vocation all over the country.

In the year 1888 the Pennsylvania lines carried 74,000,086 passengers one mile, against 68,117,705 carried one mile in 1887, and but two passengers in this immense mileage were killed from carelessness on the part of the roads or their employes.

W. J. Madison, who has been acting as foreman of the machine department of the Pittsburg car shops during the absence of R. H. Harrison, will resume his old position again to-morrow. Mr. Madison has made a capable foreman during the time he has filled the position, and has proven himself equal to any emergency.

Nick DeWald, of the Bass foundry boiler shops, met with a sad catastrophe yesterday. He was engaged in riveting a huge boiler, when the high perch upon which he was seated gave away and precipitated him into a tank of water underneath him. He got an excellent ducking and when he emerged from his involuntary bath was wet from head to foot.

A pretty bad wreck took place Sunday morning, on the Nickel Plate road, at South Whitley. A Nickel Plate freight train was standing on the crossing when it was run into by a train on the Wabash Western. Several Nickel Plate cars were demolished and the locomotive of the Wabash was derailed and turned over. The damage is considerable, but no person was injured.

A party of twelve men, consisting of Clegg & Richardson, George E. Blaine and others, who have the contract for the building of the Mahoning road from Ottawa to Fort Wayne, left last night for Guymas, Mexico, where they have a contract to build 240 miles of road running south from that point. The road is subsidized by the Mexican government, which also guarantees the bonds of the railroad company.

The officers of the New York, Mahoning and Western and those of the Ohio, Indiana and Missouri River railroads met at Findlay, Ohio, yesterday, and completed the consolidation of the two roads under the name of the American Midland, with the following roster of officers: President, William Thorpe, New York; vice-president, Davis Johnson, New York; treasurer, James F. Cox, New York; secretary, Theodore Fetheringham, New York.

The east bound shipments of grain, flour and provisions by the Chicago lines in the Central Traffic association last week aggregated 31,200 tons, against 29,197 for the previous week, an increase of 2,123 tons, against 48,636 for the corresponding week last year, a decrease of 17,376 tons. The Chicago and Grand Trunk carried 35.5 per cent. of the whole business; the three Vanderbilt lines, 40.09 per cent.; the two Pennsylvania lines, 18.4 per cent.; the Baltimore and Ohio, 5.2 per cent.

A Great Battle.

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. A good reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, and restore peace and bodily health for many years. Try this peculiar medicine.

Hoagland Hits.

To the Editor of THE SENTINEL:

Communion services will be observed at Antioch church, April 14.

Professor Livengood began school last Monday, after a short vacation, with a large number of students in attendance.

It is rumored that the present postmaster will undoubtedly be retained. The general opinion of the people is that the office should remain where it is at present. The other aspirants for the office are, however, all suitable men.

Mr. Good has commenced another singing school at this place with a larger class than usual. All interested in music are invited to attend. Professor Good is a young man well versed in his profession and very prepossessing. This doubtless accounts for the fact that the class is principally composed of ladies.

Mr. Fred G. Frye and Miss Bertha McIntosh were recently united in the holy bonds of wedlock. The bride is the daughter of Mr. John McIntosh, a prosperous farmer of Madison township. Rev. Bower, of Monroeville, performed the ceremony in presence of a large number of people, consisting of the elite of the vicinity. Your correspondent was unable to obtain the exact number present. Upon inspection we learn that the presents were all very costly and useful. After a sumptuous repast, consisting of all that is necessary on such occasions, the party returned to their homes, wishing the newly married couple a long and prosperous life.

FRATER.

A Great Surprise.

Is in store for all those who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free? It never fails to cure acute pain or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50c and $1.

New Hampshire was settled in 1623, was placed under Massachusetts in 1641, and separated in 1679.

What a Dance!

I suffered with fever, hot head and foul breath.
With stomach disordered—was sick unto death.
I bore it a week—surely I was a dunce—
Then I took a few "Pellets"—they cured me at once.

What a dance, indeed, to neglect such a remedy and suffer a week, when quick relief could have been found in Dr. Pierce's Pleasant Purgative Pellets.

BAD COMPLEXIONS.

The Secret of Their Cause Fully Explained—Why Ladies are Sallow and Men Pimply—Some Valuable Facts on the Subject.

In passing along the leading streets in almost any city in America to-day, one will meet with but few ladies who have clear complexions. Many persons have tried to account for this sad fact because of the severe climate of America, but such reasoning is wrong. A bad complexion is caused by impure blood, and no lady can be really beautiful and no man manly, who has diseased or impure blood.

The best known way of keeping the blood pure is by keeping it circulating. In this way it passes rapidly through the lungs, kidneys and liver, and is constantly purified. But supposing the system is clogged up as is frequently the case, then of course the blood becomes impure. Then far too often men and women take some patent purgative pill or other substance, that clears the body quickly, weakens the strength, and leaves the system in worse condition than before. The only sensible way is to take a gentle, pure and natural purgative, moderately but frequently, and the highest known medical authorities of the day agree that the genuine imported Carlsbad Sprudel salt is infinitely superior to any other natural preparation known in the world. It is gentle, yet stimulating; it is pure, yet powerful. Containing only natural properties, being evaporated from the celebrated Carlsbad Sprudel spring, it cannot injure the body in the least, and yet it has never failed to regulate, purify the blood and thus clear the complexion. Hundreds of doctors have given it their unqualified indorsement; hundreds of people go each year to the Carlsbad Springs, but they can obtain no greater benefit than by taking the Carlsbad Sprudel Salt in this country, such as can be procured at any drug store in the land. When it is considered that the Carlsbad Salt costs, practically, no more than the uncertain, questionable and often injurious salts, purgatives and bitter Waters that are in the market, one bottle being sufficient for nearly a month, all persons who keep pace with the times and desire only what is best, will see that it is to their interest to use only the Carlsbad. Each bottle is in a light blue paper cartoon and has the signature Eisner & Mendelson Co., sole agents, on every bottle. One bottle mailed upon receipt of one dollar. Dr. Tobold's lecture and pamphlets mailed free upon application. Eisner & Mendelson Co., 6 Barclay St., New York.

POND'S
EXTRA
CT.

LETTERS FROM THE GOVERNORS.

It is a well known fact that Pond's Extract is used and recommended by more distinguished people than any preparation or remedy extant.

It is used in the household of the President as well as that of the humblest citizen; by members of the army and the navy, the bar and the bench, the pulpit and the press—all ranks and classes of people. To further illustrate this fact we append a few of the more recent letters from Governors of different States:

The Governor of New Hampshire.

GENTLEMEN: I have used Pond's Extract in my family for several years, and have found it a most desirable and valuable remedy. Yours truly, MOODY CURRIER.
Dec. 3, '87.

The Governor of Pennsylvania.

GENTS: Pond's Extract has been a valued reliance in our family for several years, especially in relieving the aches, sprains and bruises incident to children. Very truly yours,
Nov. 30, '87. JAMES A. BEAVER.

The Governor of New Jersey.

DEAR SIR: I have for many years used Pond's Extract, and have derived great benefit and relief therefrom. Yours truly,
Dec. 5, '87. R. S. GREEN.

The Lt.-Governor of Illinois.

GENTLEMEN: Pond's Extract has long had a place in the medicine chest of my family. I assure you that we have found it a ready and valuable agent to relieve pain in many cases, and that very promptly. We cannot well keep house without it.
I am, truly yours,
Oct. 10, '87. J. C. SMITH.

Pond's Extract is invaluable for all kinds of Pain, Inflammation and Hemorrhages.
Excellence incites imitation. Beware of worthless imitations of Pond's Extract.

The Soap I come to speak about
Is the Great Santa Claus.
'Tis good for every purpose,
For which a soap is needed,
And joy will bring to every one
Who has wise counsel heeded
And spent a nickel, just to prove
What wonders it will do,
To lighten labor, save expense
And make things bright and new.

Wounded in the Army.

I was wounded in the leg at the battle of Stone River, December 31, 1862. My blood was poisoned from the effects of the wound, and the legswelled to double its natural size, and remained so for many years. The poison extended to my whole system, and I suffered a thousand deaths. Nothing did me any good until I took Swift's Specific, which took the poison out of my blood, and enabled me to feel myself a man again. S. S. S. is the remedy for blood poison.

JOHN CONWAY, London, O.

CATARRH IN CHILDREN.

Our little boy Stokes, now eleven years old, had catarrh from the time he was three until he was seven years of age. Sometimes his breathing was heavy, and a constant discharge from the nose. He had more or less treatment for four years, but without any benefit. We gave him Swift's Specific, and it soon cured him sound and well. This was four years ago, and there has been no return of the disease.
